

ENGINEERED TO SERVE.

PRO[®] SERIES PUMPER

PERFORMANCE OF A PUMPER. CARRYING CAPABILITY OF A RESCUE. ✓

The PRO is a multi-purpose response vehicle which addresses the ever-changing needs of today's fire service, with an increased focus on maximizing storage space.

The pumphouse is minimized to consume less space, while the pump controls are placed in an ergonomic location for simplified operations. The PRO is available in a traditional sidemount configuration, or in an elevated sidemount configuration which places the operator up out of the street for safer operation with improved visibility.

SPACIOUS COMPARTMENTATION OFFERING UP TO 550 CUBIC FEET OF SPACE.
